Implementando a Remoção no projeto do Back-end

```
ClienteController.java M x ClienteService.java M
src > main > java > br > com > ifpe > oxefood > api > cliente > ClienteController.java > Language Support for J
43 @GetMapping("/{id}")
44 public Cliente obterPorID(@PathVariable Long id) {
45
46     return clienteService.obterPorID(id);
47 }
48
49 @PutMapping("/{id}")
50 public ResponseEntity<Cliente> update(@PathVariable("id") Long id, @RequestBody Cliente request) {
51
52     clienteService.update(id, request.build());
53     return ResponseEntity.ok().build();
54 }
55
56 @DeleteMapping("/{id}")
57 public ResponseEntity<Void> delete(@PathVariable Long id) {
58
59     clienteService.delete(id);
60     return ResponseEntity.ok().build();
61 }
62
63 }
```

Implementando a Remoção

1) Acrescente na classe `ClienteController` o método abaixo:

```
...
public class ClienteController {

    ...

    @DeleteMapping("/{id}")
    public ResponseEntity<Void> delete(@PathVariable Long id) {

        clienteService.delete(id);
        return ResponseEntity.ok().build();
    }

    ...

}
```

Implementando a Remoção

2) Acrescente na classe `ClienteService` o método abaixo:

```
...
public class ClienteService {

    ...

    @Transactional
    public void delete(Long id) {

        Cliente cliente = repository.findById(id).get();
        cliente.setHabilitado(Boolean.FALSE);
        cliente.setVersao(cliente.getVersao() + 1);

        repository.save(cliente);
    }

    ...
}
```

Implementando a Remoção

3) Teste a remoção do cliente na ferramenta Postman

DEL cliente - delete

Oxe Food / Cliente / cliente - delete

Save

DELETE `http://localhost:8082/api/cliente/13` Send

Dúvidas

Exercícios

Implemente a remoção no projeto do back-end (para o teste no Postman) de:

- Cliente
- Produto
- Entregador

The image features a white background with two large, solid green abstract shapes. One shape is a semi-circle on the left side, and the other is a more complex, organic shape on the right side. Centered between these shapes is the text "Obrigado !".

Obrigado !
